

T-drive structural timber screw, with countersunk head
Zinc and yellow coating.

Specification

Diameter: 6mm ~ 10mm
Length: 80mm ~ 450mm
Box qty: 100
Stainless available

Description

T-40 drive recess for secure installation
No pre-drilling in most timbers
Shank ribs and patented point reduce drive torque
German building regulation approved

Countersunk - with milled ribs, partly threaded, t-drive - zyp
